Purify

1707 Townhurst Drive, Houston, TX 77043
713-463-1929

WUC 700

Blended phosphates
Max Use Level: 31.0 mg/L
P.O. # _____

GHS Labeling:

This product is not classified as hazardous under GHS/HazCom 2012

Supplemental Labeling:

For industrial and potable water use only. Before using, consult the Sterling Water Technologies Safety Data Sheet for this product.

FIREFIGHTING: Use media appropriate for surrounding fire. Cool fire exposed containers with water.

SPILL HANDLING: Evacuate spill area and keep unprotected personnel away. Wear appropriate protective clothing as described on SDS. Contain and collect using inert absorbent materials and place in appropriate containers for disposal. Spills may be slippery and can cause a slip hazard. Flush spill site with water to remove residue. Do not flush to sewer! Report releases as required by local, state and federal authorities.

FIRST AID:

Eye: Flush victim's eyes with large quantities of water, holding the eyelids apart. Get medical attention if irritation develops or persists.

Skin: Wash skin thoroughly with soap and water. Get medical attention if irritation develops. Remove and launder clothing before re-use.

Ingestion: Do not induce vomiting unless directed to do so by a medical professional. Get medical attention if symptoms develop or if you feel unwell.

Inhalation: Remove victim to fresh air. If breathing is difficult or irritation persists, get medical attention.

STORE ABOVE 40 °F

PLANT: 15

PRODUCT & CONTAINER HANDLING:

Store in a cool, dry, well-ventilated area away from incompatible materials. Protect from physical damage. Freezing will affect the physical condition and may damage the material. Avoid contact with eyes and skin. Wear appropriate personal protective equipment. Use with adequate ventilation. Keep containers closed when not in use. Empty containers retain product residues and may be hazardous. Follow all regulatory requirements for the disposal of the empty container.

NFPA Rating: Health = 0 Fire = 0 Reactivity = 0
